PERSONAL PROFILE

I am a Software Engineer with a Bachelor's degree in Information Technology and Management. I love building quality software, making use of the state-of-the-art software design principles. I possess good analytical, critical thinking, and creative thinking skills, thus, able to solve simple to complex problems across different fields. I am loyal and dependable, intelligent and never short of creative ideas and innovations, willing to put in the required time and effort to achieving results, either working independently or in a team.

EDUCATION

Federal University of Technology Owerri   2016 – 2021
